Henan Hanhai Metallurgy & Mining International Trade Co., Ltd. is located in Henan Province, with a strong fixed asset investment of 70 million RMB, an annual output of up to 80,000 tons, and five industrial parks, focusing on the excellent production of medium and high-end cast steel parts and cast iron parts. We are committed to providing top-quality castings and supporting machining services for many key industries such as metallurgy, mining, bridge, hydraulic machinery, thermal power, hydropower and shipbuilding. We have large and small castings and machining parks, gathering more than 200 professionals, including several senior casting engineers, professional welders and experienced machining technicians.

Our company has long maintained close cooperation with many counterparts and top scientific research institutions with an open attitude of cooperation to ensure that our core products always lead the development trend of the industry. Our products not only sell well in more than 20 domestic provinces and regions, but also exported to many countries and regions in Eastern Europe, the Middle East, Asia, Africa, North America, South America and Oceania.

CORPORATE CULTURE

企业文化

CORPORATE MISSION

企业使命

Provide customers with high-quality and high-performance steel and iron castings, and help China's industry to develop at full speed.

CORPORATE VISION

企业愿景

To be a giant in China's foundry field, and to exert our strength to contribute to the national key equipment manufacturing industry.

ENTERPRISE POLICY

企业方针

Quality Found the Enterprise, Innovation Drives Growth, Integrity in Management, Advancing Together, Cost Reduction and Efficiency Increase, Sustainable Development
